ABSTRACT

The East Asian Curriculum Project (EACP) of Columbia University is a national effort whose goal is to support education about Asia at the secondary and elementary levels. The project has developed a variety of curriculum resources and collaborated with state and local educators in designing teaching units about various countries. Each of these packets contains brief resource lists along with the locations and names of resource centers dealing with each continent, country, or region. The countries and areas featured are Africa, Korea, Latin America, Middle East, South Asia, Southeast Asia, Soviet Union, and Eastern Europe. (NL)
